- Quick Start Guide

FEATURE SPOTLIGHT

HD 1080p1 video at up to 30 frames per second
Make a vivid impression with true-to-life, high definition video calls.

UVC H.264 encoding technology
Frees up system bandwidth by putting video processing within the camera.

78-degree field of view with true widescreen
See more without having to reposition the camera or crop and zoom.

Logitech RightLight™ 2 technology and autofocus
Webcam intelligently adjusts to improve visual quality in low light and backlit situations at multiple distances.

Omnidirectional dual stereo microphones
Designed to capture sound for clear communication in larger spaces like offices and small conference rooms.

Convenient privacy shutter
Easy lens closure for added privacy and security when the webcam is not in use.

Multiple mounting options
Freedom to mount the camera wherever it works best – LCD screen, notebook, or tabletop – by using the attached clip or the tripod embedded thread.

USB plug-and-play set up
Easy to set up and easy to use.

Cisco® compatible2
Designed exclusively for Cisco® to work seamlessly.
