What is the Kaltura CaptureSpace tool in Canvas?

Tell Me

The Kaltura CaptureSpace is a tool for creating video and screen cast presentations for viewing online. CaptureSpace is available to all users in the UNC Charlotte Canvas Learning Management System. The following options are available in the Kaltura CaptureSpace Desktop Recorder. You can record the screen, a presentation, video, and voice.

1. Record a multimedia presentation
2. Record your screen and voice
3. Record your screen and video
4. Record from webcam
5. Record audio only
