Students who are registered at the Office of Disability Services (DS) can complete their Semester Check-in online by following the below instructions.

1. Using a Web Browser such as Safari, Chrome, or Firefox, go to DS Portal website.
2. Click on DS Student Portal icon. The Online Student Services window opens.

3. Click on Request Accommodation Letters icon.

4. Log in using your NinerNET username and password.

   This is the same information you use to sign in to “My UNC Charlotte” Portal

5. Your courses will be listed on the Request Accommodations page.
6. Select the correct semester from the drop-down menu on the right side of the window.
7. Under STATUS, courses indicated as Waiting for student to request are courses for which you can request accommodations.
8. Click the **Request** button next to one of your courses to proceed.

9. The selected course appears on the right side with a check (selected). On the left side, you will **select the appropriate accommodation(s)** for that course. Repeat this process for each course. Carefully select your accommodations for each course. Not all accommodations may be appropriate for all courses.

10. Indicate if your accommodations require any changes.
   1. If no changes are required, click the option **My accommodation(s) are correct the way they are.**
   2. If changes are required, click the option **I need to change or add to my accommodations**, and describe the changes/additions in the note **textbox**. If changes are required, Disability Services will be notified. You may need to meet with your DS counselor to address any changes/additions.

11. **Next, review the Terms of Use and Accommodation Agreement.**
12. Indicate your agreement by clicking on the checkbox I agree to the terms outlined above. Click Submit.

13. You will return back to the “Request Accommodations” page. If you did not request any changes, the STATUS of any course for which you have completed the process will indicate Sent. Your Accommodation Letter has been sent to your instructor through the DS Portal.
