Can I create a custom confirmation message when someone submits a Google Form?

Tell Me

1. Go to the form settings and click the **Presentation** tab
2. Enter your **Confirmation message** in the space provided
   - Note that any links must be provided using the full URL. An example is shown in the image below

![Settings](image)

**Confirmation message:**
Thank you for submitting your feedback! For more information, you can visit our website at information.uncc.edu
