How do sponsored NinerNET guests know they have received a NinerNET account?

Tell Me

NinerNET accounts get created for Sponsored Guests on the start date. A notification is sent to their personal email address.

1. Once the NinerNET sponsored guest account has been approved and created, the guest will receive an email notification at the alternate email address:

```
From: UNC Charlotte Information Technology Services
Name: Norm Niner, NinerNET User Name: niner466

A NinerNET account has been established for you to access University electronic resources (e.g., Gmail, computer login, network drives, etc.).

To create your NinerNET password, go to通行证uncc.edu and click the 'Activate Account' button.
