Are all University employees and students required to use Duo?

Tell Me

Duo will be required for all employees (full-time, part-time, adjunct faculty, emeritus faculty and student) starting January 31, 2019.

1. No, not at this time. Many departments have mandated that their employees (including student staff) use Duo.
2. Students have the option of enrolling but it is not a requirement.
3. Per the Standard for Information Classification, employees who have access to Level 2 or 3 data should register to use Duo two-factor authentication.
4. Duo provides an extra layer of protection against phishing scams and other password theft attempts; all employees are encouraged to use Duo.
5. To get started with Duo, see this process.
