   **Online Test Scheduling**
   Welcome to the Online Test Scheduling Module. This module will guide you on how to schedule your test with the DIS Test Center in the online system.

   **IMPORTANT:** You must schedule your test or quit a minimum of seven (7) business days prior to the test.

   You will need to have the following information handy in order to successfully schedule your test:
   1. The name of the course for which you want to schedule a test.
   2. The instructor's name and email address for verification.
   3. The date, start time, and duration of the test without extended time accommodation. The system will calculate extended time based on approved accommodations.

   Once you submit your test request, your instructor will receive an email notification with the details. Your instructor will need to approve your test request in order for you to test in the DIS Test Center.

   If you do not wish to take exams in Disability Services for a particular course, you will not need to schedule your test using this module.

   - Take home and Online tests that are not proctored should not be scheduled in Disability Services.

7. Select the course to schedule your test or quiz.

   ![Select course]

   *Only courses for which you have requested accommodations will be available for selection*

   Once you select your course, click “Next.”

8. Enter the date, start time, and duration of the in-class test. If you are uncertain about the duration of the in-class test, confirm with your professor before scheduling your test in the system. Any extended time accommodations will be automatically calculated by the system and will show on the upcoming screens. Therefore, the accuracy of entering correct information is essential. Once all required information is entered, click **Next**.

   ![Enter date, time, and duration]

   **SCHEDULING EXCEPTIONS:**
   1. **Back-to-Back Classes:** Students with back-to-back classes should enter the first available time to take the test. Example: Students with 8:00 AM, 9:30 AM, and 11:00 AM classes occurring on the same day will need to take a test for their 9:30 AM class at 12:30 PM, after the 11:00 AM class ends.
   2. **Night Classes:** The DIS Test Center closes at 5:00 PM during the regular semester. For classes occurring 5:00 PM or later, contact your professor to determine a suitable alternative time to take your test. The system will allow you to enter the time as long as there are no other conflicts.

   Students should notify their professors of test time exceptions needed due to scheduling conflicts.

   **Specify a date and time**

9. Select the accommodations that you require for this test. Accommodations that appear are those you chose for this course when you requested your Accommodation Letters. If there is a testing accommodation you require that does not appear, contact Disability Services. Once you have selected your accommodations, click Next.
10. Review your testing time. If you have extended time accommodations, you will see the calculated time on this screen. If the test time you requested is different from your scheduled class time, you will need to notify your instructor. Click Next.

11. Confirm that the information you are submitting is correct by clicking on the acknowledgment checkbox at the bottom of the page. You must click Finish to complete this process. Your request will be sent to your instructor. You will receive a confirmation email with your test date and time.

12. If you have submitted your test request successfully, the system will acknowledge with a thank you notice.

13. To schedule other tests click the Schedule another test button. Once you have scheduled your tests, remember to log out.
