The following instructions are a guide through the Duo Self-Enrollment process

The best experience with Duo is using the mobile app. These instructions are written for that experience. If you need to configure a fob, see this FAQ.

Before you begin, make sure you can do these three things:

1. You're at a computer, not phone/tablet
2. Have 5 minutes to complete the sign up
3. If possible, enroll two devices (e.g. mobile/office/home phone, a tablet)

1. Browse to ninernet.uncc.edu
2. Click Manage Account and login
3. Click Secure your account now in the Duo Two-Factor Authentication section

4. Click Start setup
5. Select the type of device you wish to add and click **Continue** (it is recommended that you add your mobile phone first - it will become your default device)
