How do I view and/or modify the start button shortcuts in Kronos WFR?

Tell Me

Use the Start button to quickly navigate to commonly used menu locations. Default locations have been set and can be customized.

1. Click the Start button to see the default shortcuts
2. Click the gear icon to access Settings and change the default shortcuts
3. Choose from the Categories drop-down menu to select how many categories of shortcuts to configure.

Example
The default setting has 3 categories.

4. Change the default category names by typing over the default shown.

Example
Type over the default, Pending Approvals, to change the desired category name to something else

5. Modify shortcuts.

| Remove shortcut | Change shortcut position | Add a shortcut |
Click the Remove icon.

Click the up or down arrow.

1. Click the Choose button in the Resources column.
2. In the Search box, start typing the page name or keyword information that describes the page location.
3. Click on the desired menu shortcut.

Example
Type "approv" in the Search box and a list of options appears.

<table>
<thead>
<tr>
<th>Search Menu Item</th>
</tr>
</thead>
<tbody>
<tr>
<td>Search approv</td>
</tr>
