How do I sign up for Duo?

Be sure to use a computer, not a phone/tablet, when signing up for Duo.

The following instructions are a guide through the Duo Self-Enrollment process

The best experience with Duo is using the mobile app. These instructions are written for that experience. If you need to configure a fob, see this FAQ.

Before you begin, make sure you can do these three things:

1. **You’re at a computer**, not phone/tablet
2. Have 5 minutes to complete the sign up
3. If possible, enroll two devices (e.g. mobile/office/home phone, a tablet)

1. Browse to [ninernet.uncc.edu](http://ninernet.uncc.edu)
2. Click **Manage Account** and login
3. Click **Secure your account now** in the Duo Two-Factor Authentication section

4. Click **Start setup**

**Protect Your UNC Charlotte Account**

Two-factor authentication enhances the security of your account by using a secondary device to verify your identity. This prevents anyone but you from accessing your account, even if they know your password.

This process will help you set up your account with this added layer of security.

**Start setup**
5. Select the type of device you wish to add and click **Continue** (it is recommended that you add your mobile phone first - it will become your default device)

6. Enter your mobile phone number, check the box to confirm number and click **Continue**
