Do I need to use Duo every time I login?

Tell Me

1. Yes, but using the Remember me for 30 days option on a trusted computer will make it easier.

   Protect your data: do not use this option on public or shared computers. In particular, this option will not work on classroom podiums since they are shared computers.

2. Check the Remember me for 30 days checkbox at the bottom of the Duo window and select your Duo authentication method: Send Me a Push, Call Me, or Enter a Passcode
