How do I determine if a discretionary fund has a related foundation fund in Banner?

Tell Me

1. Open your web browser and go to banner.uncc.edu
2. Select BANPROD located under the Banner 9 Admin Pages and log in
3. Type FTMEELT (External Report Translation Code Maintenance) in the search bar and click Enter
4. Select F7 to start a query
5. Select the appropriate item from the Add Another Field drop-down box
   1. If the fund number that you are using is in Chart 1, select Internal Code

   ![Example Image](image1.png)

   2. If it is Chart F or A, select External Code > Equals, e.g., F- or A- at the beginning of the fund number

   ![Example Image](image2.png)

6. Select F8 to execute the query

   ![Example Image](image3.png)

Note

The Internal and External Code fields will be populated with related codes. The Active Status boxes should automatically be checked for the current related funds.
