

Do I need to use Duo every time I login?

Tell Me

1. Yes, but using the **Remember me for 30 days** option on a trusted computer will make it easier.

Protect your data: do not use this option on public or shared computers. In particular, this option will not work on classroom podiums since they are shared computers.

2. Check the **Remember me for 30 days** checkbox at the bottom of the Duo window and select your Duo authentication method: **Send Me a Push, Call Me, or Enter a Passcode**
