How do I manage who has access to my Dropbox Team Folder?

Tell Me

Only Dropbox admins and Dropbox group managers can change team folder membership.

1. Login to dropbox.uncc.edu and navigate to the Dropbox Team Folder through Files & My Files

2. Click Share to the right of the Dropbox Team Folder

3. The Dropbox Share box will open - click the members link

4. A new tab will open on your browser - the Dropbox group managers and members will be listed

5. To add Dropbox group members...
5. a. Click the **Add Members** button

![Add Members button](image)

b. Type the name of the user you want to add

![Add members dialog](image)

Giving new members access to all of this group’s shared folders might take a little while.

- **Add members**
- **Cancel**

6. To manage Dropbox team members...
   a. From the Dropbox group manager and member list, click the 3 dot ellipse to the right of the member you want to remove

   ![3 dot ellipse](image)

   b. Click **Remove user** for remove the member from the group
   OR
   c. Click **Make manager** to elevate the member’s permissions to Manager (the Manager setting provides Dropbox group member management)
   OR
   d. To remove manager permissions from a current manager, click **Remove manager permissions**
e. Confirm the permissions change

Removing [redacted] will cause them to lose access to folders that have been shared with the group.
It might take a little while to remove members from all of this group’s shared folders.
Are you sure you want to do this?

7. Close the Dropbox group browser tab that was opened in step #4
