How do I submit a Sponsored Guest Account form?

Tell Me

Faculty and staff can sponsor guest accounts, however only designated Business Officers and Information Security Liaisons can submit these requests.

Non-US Citizen Requests: Depending on the Visa type, documentation from the International Student and Scholar Office (ISSO) may be required to submit the request. Requests for guests with B1, B2 and Visa Waiver status are exempt from this requirement.

Vendor Requests: Review the contract with the appropriate business officer prior to submitting the request.

You must attach an image of the guests’ official photo ID (e.g. US Driver’s License, State ID, Green Card, or Passport). Non-US Citizens must attach an ISSO email indicating that the paperwork is complete.
