What are the NinerNET password rules?

Tell Me

When setting your password for NinerNET account, the password must conform to these rules:

<table>
<thead>
<tr>
<th>Minimum length:</th>
<th>8 characters</th>
</tr>
</thead>
<tbody>
<tr>
<td>Maximum length:</td>
<td>30 characters</td>
</tr>
</tbody>
</table>
| Required characters: | One lower case alphabetic character  
| | One upper case alphabetic character  
| | One numeric character  
| | One special character from the set ! * + - / _ |
| Prohibited characters: | Your first name  
| | Your preferred first name  
| | Your last name  
| | Your email address  
| | "Pass" or "Word" |

Password History: Password cannot contain 8 characters in the same sequence as the previous 8 passwords

Note: You cannot change your password more than two times in a 24-hour period. Changing the case (upper/lower) in your password, doesn't constitute a password change
