How do I allow my class to retry a poll as I am presenting?

Tell Me

If you desire to let your students retry a poll (allowing all students to redo a question), there is an option to do so.

1. **Login to Poll Everywhere**
2. **Open your desired poll**

![Poll Everywhere Image]

3. **Activate your poll by clicking the activate icon on the right**

![Activation Button Image]

4. **Allow students to answer**

![Student View Image]

5. **When you wish to repoll, click the Clear Poll Results button**

![Clear Results Button Image]

**Note**

This method gives you the ability to allow your students to pick a different answer on the second round than they did on the first. Note that the second round’s entries will override the first.

**Note**

Remember, the second round’s entries will override the first.
6. Students may now re-answer

**Note**

Even if a student desires to keep the same answer as they input initially, they will still need to reenter it
