How do I upgrade my university Windows 10 computer to version 1909?

Tell Me

Info

Please see this FAQ to determine your current operating system version. In some cases you might already be running the latest version.

Note

The upgrade installation may take up to 1 hour to complete and will involve multiple reboots.

- Desktop computers: It’s recommended that you start the installation right before leaving the office for the day (or another open window of time, such as during lunch).
- Laptop computers: Make sure your laptop is plugged in. The installation can be completed on- or off-campus.

1. Log into your university computer using your NinerNET credentials
2. Click on the Start/Windows button in the lower left corner of your desktop
3. Under All Programs/All Apps, locate the Microsoft Software Center folder
4. Open Software Center
5. Select Operating Systems on the left
6. Locate **Windows 10 1909 - Upgrade** and click the **Install** button

[Image of Software Center]

7. Follow the prompts until installation is complete

---

**Info**

If you have trouble upgrading, contact the IT Service Desk, 704-687-5500 or help.uncc.edu
