How do I allow Multiple Attempts for In-Video Kaltura Quizzes in Canvas?

Tell Me

1. **Login to Canvas** and access a course
2. **Click on My Media**
3. **Click Add New**
4. **Click Video Quiz**

**Multiple Attempts**

This new feature is available in the Kaltura Editor. A quiz creator (faculty) may select how many attempts a student can have for the selected quiz, and what is the score type (latest, highest, lowest, first, last, average).
5. The Quiz Editor will appear. At this point, Kaltura has taken a copy of your original video to create a in-video quiz (IVQ)

6. You can now add the quiz question types to this video

7. Within the Quiz settings, click the Scores option to expand the settings
8. The **Allow Multiple Attempts** will appear

9. You can choose between 2 and 100 attempts for students to retake the quiz.

10. The **Quiz Score to Keep** is comprised of 6 different attempt options:

11. You can choose to not show scores, show scores and to include answers.

12. To see the analytics for that in-video quiz (IVQ), click **Analytics**.

13. Click **Analytics**.

14. Click the **Quiz users** tab to view the data table.
15. As part of the update for multiple attempts, the analytics data table will have three (3) new columns:

<table>
<thead>
<tr>
<th>Users</th>
<th>Attempts</th>
<th>Final Score (Lowest)</th>
<th>Action</th>
</tr>
</thead>
<tbody>
<tr>
<td>Daniel S</td>
<td>1/3</td>
<td>100%</td>
<td></td>
</tr>
<tr>
<td>Derek L.</td>
<td>3/3</td>
<td>0%</td>
<td></td>
</tr>
<tr>
<td>Molly R.</td>
<td>1/3</td>
<td>0%</td>
<td></td>
</tr>
</tbody>
</table>

- **Attempts** - related to the Multiple Attempts features.
- **Final Score** - displays the final grade for each user.
- **Actions** - currently only one action is available. You now can remove a user’s attempt. This will remove the user’s attempt completely and allow the user to take the quiz again.

16. You can use **Canvas Assignments** to pull In-Video Quiz grades from Kaltura into Canvas gradebook. As student retake the quiz their Canvas grades will be updated accordingly.

**In-Video Quiz**

As students watch a video quiz, a question appears at its chosen point; the video continues after the student answers the question. Depending on configuration chosen, the student may be allowed to repeat sections, skip questions, revise answers, receive hints, and discover the correct answers. IVQ increases engagement, tests knowledge and retention, and gathers media effectiveness data. Students can watch media segments multiple times in preparation for answering questions; and receive feedback, correct answers, and in-depth explanations when completing questions.
