How do I delete a label in Gmail?

Tell Me

1. Hover your cursor over the label on the left side of your Gmail page.
2. Click the down-arrow that appears next to that label.
3. A menu appears where you can change the label’s color and edit its settings, or click Edit to change the label’s name.
4. Click Remove label to delete the label from your list and remove it from all messages that were tagged with that label.
5. You can also edit and delete labels in the Labels tab of your Gmail Settings.

Info

For more information about Labels see this Google document.
