How can I embed my Live results polls into Canvas?

Tell Me

The Live results responses from participants can be embedded into certain items of your Canvas courses. These can be Pages, Discussion Forums, Assignments, Quizzes, or Announcements.

1. **Login to Poll Everywhere**
   2. Click the name of the poll question to open

   ![Poll Everywhere interface](image1)

   - Is winter here as yet?
   - Which classroom do you teach?
   - Type in one word to show your mood

3. Click the **Show responses** button

   ![Show responses button](image2)

4. Click the **Present** button on the right side of screen

   ![Present button](image3)

5. Click **Share** option to reveal several ways to share your poll question

   ![Share options](image4)
6. Click **Live results** to get the URL of the response slide.

![Live results](https://PollEv.com/multiple_choice_polls/10ctBOSY)

**Shareable response link**
Use this link to share with people on the web.

https://PollEv.com/multiple_choice_polls/10ctBOSY

**PollEv.com/brucepoll**
Use this page to present the poll to a live audience. It always displays the poll that is currently activated.
Your current poll will remain active for 3 hours. _Edit_

**Live results**
Live chart with real-time results.
Don't share unless you want to reveal responses to the people who receive the link.

**Embed poll**
Embed this poll into your webpage or blog.

7. Copy and paste the URL from the **Live results** (as seen below) from the Browser tab into a Canvas Page, Discussion Forums, Assignments, Quizzes, or Announcements.

[Live results URL](https://PollEv.com/multiple_choice_polls/10ctBOSY?preview=true&controls=none)

8. **Login** to [canvas.uncc.edu](http://canvas.uncc.edu)
9. Go to your course and navigate to the Canvas object you want to embed your poll. For example, Pages

![Canvas object info]

Canvas objects that allow for embedding are: Pages, Discussion Forums, Assignments, Quizzes, or Announcements

10. Click the **+ Page** to create and edit the Page to add content.

![HTML Editor]

11. **Access the Rich Content Editor** in Canvas Pages
12. **Click the HTML editor**

![HTML Editor]

13. Paste the HTML iFrame code into the HTML Editor (See example code below)

![Live Results Widget Code Example](https://poll everywhere.com/multiple_choice_polls/10ctBOSY?preview=true&controls=none)
14. Replace the section starting with `https://` with your URL code from the Poll Live Results browser URL:

```html
<iframe src="https://embed.polleverywhere.com/multiple_choice_polls/4cVW3jw1Hd92Q8qethdwH?controls=none&short_poll=true" width="800" height="600" frameborder="0"></iframe>
```

15. **Save & Publish** when ready.

16. The Canvas page will show the embedded Poll Everywhere results screen.

17. Add other poll Live results embed code to the Canvas page, as needed.

![Poll results](image)

Add several poll results

---

You would publish this page once your Survey or Poll Questions have been de-activated.
