How do I install Adobe Creative Cloud applications on my University computer?

Tell Me

**Note**

The instructions below are for faculty and staff downloading onto university owned and managed computers. There are exceptions:

1. If you are a Windows user in College of Engineering (COE), ask your IT department.
2. If you are a Mac user in the Student Affairs, contact your IT department.

We recommend a hard wired connection when installing applications.

Follow these instructions for downloading onto university owned and managed computers:

<table>
<thead>
<tr>
<th>Windows</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
</tr>
</tbody>
</table>
1. Click the Start button.
2. Type Software Center
3. As you type, Software Center will be found - click Software Center
4. Click on Adobe Creative Cloud 2019 application and click Install on the next screen
5. Log into the Creative Cloud app using this FAQ.
6. Click Install next to the application(s) you want

Info
Applications can take several minutes to install. You can continue to work on your computer during the installation process.

Section B
To install older authorized Adobe product versions:

1. Click the dots next to the application you want and Click Other versions.

2. Choose which authorized version and click Install.
