How do I change the withholding on my Form W-4 and NC-4?

Tell Me

The IRS is released a new Form W-4, Employee’s Withholding Certificate, for 2020. The new form is vastly different from the old Form W-4 (there are no longer allowances, but rather five sections to review) and is now available in Banner Self Service. While you are not required to complete this form it should be more accurate for individual withholdings. Please note: if you do not submit a new form, withholding will continue based on your previously submitted form. For more information visit the Financial Services website.

Update your Form W-4 and NC-4 when your personal or financial situation changes to update the amounts of federal and state income tax withheld from your pay. Employees are encouraged to use the IRS Tax Withholding Estimator as a review to ensure their withholding is correct.

Instructions

Federal: Refer to complete Form W-4 instructions before completing the online W-4 withholding form.

North Carolina: Refer to Form NC-4 instructions before completing the online NC-4 withholding form. If you are performing services for the University from a state other than NC, you will need to complete that state’s withholding certificate and mail or fax it to the Payroll Department. Reference the delivery methods toward the bottom of this FAQ. For security purposes, do not email a form that contains your social security number.

Unless you update your W-4 and NC-4 withholding information, both your federal and state income tax withholding will default to single when you are originally hired and will continue to reflect those elections unless you opt to update using the current version of the form.
