

Poll Everywhere

Poll Everywhere is a student response system (or polling application) licensed by UNC Charlotte Information Technology Services department. The application works well for live audiences using mobile devices like phones, tablets, and laptops. Students participate by visiting a [mobile-friendly web page](#) or using the [Poll Everywhere app](#) ([Apple iTunes](#) or [Google Play](#)) for your poll event, sending text messages, or using Twitter. Instructions are displayed on-screen. You can engage your students with real-time interactive questions. This tool will be available to UNC Charlotte instructors, staff, and students starting summer 2017.
