Can I use Amazon's AWS Educate for group projects and pool credits together?

Tell Me

1. AWS Educate can be used for group projects by using Classrooms. Classrooms allow faculty to create simple, secure, no cost learning environments for students to leverage AWS on projects, assignments, and other classroom activities.
2. Go to Amazon's Education webpage
3. Sign up for an account using this FAQ or sign in
4. Click Classrooms and Credits

![Create a New Classroom]

5. Select from pre-built Classrooms in our most in-demand topics. You may select up to three templates.
6. Enter your classroom details such as a course description, numbers of students and request an allocation of AWS Promotional Credits for students.
7. Upload a list of email addresses to invite students to join the Classroom.
8. Please allow 3 to 4 business days for your Classroom request to be reviewed
